

NODDING ONION

(*Allium cernuum*)

NORTHWEST MICHIGAN INVASIVE SPECIES NETWORK

Protecting, enhancing, and promoting Northwest Michigan's natural communities through terrestrial invasive plant management and outreach.

John Hilty

Key Features:

Mark Turner

Flowers

From a chive-like base springs nodding clusters of white or pinkish blooms.

John Hilty

Drought Resistant

Enjoys full sun and little water in nearly any soil. Easiest to establish by transplanting.

John Hilty

Visitors to Explore

Nectar and pollen attract honeybees and many native bees.

Is nodding onion right for your garden?
