

# WILD COLUMBINE

(*Aquilegia canadensis*)

NORTHWEST MICHIGAN  
INVASIVE SPECIES NETWORK

Protecting, enhancing, and promoting Northwest Michigan's natural communities through terrestrial invasive plant management and outreach.

William Cullina

Is wild columbine right for your garden?

1-3 ft tall

1-1.5 ft wide

May-June

To learn more about how you can help protect our wild places, visit [HabitatMatters.org](https://HabitatMatters.org)

## Key Features:

Michael and Diane Porter

### Pollinators

Supports a variety of insect pollinators with its beautiful red and yellow blooms.

Ellen Falbowski

### Spreading

An attractive alternative to groundcover. Though it is tall, be prepared for it to fill in open spaces.

Ann Thering

### Visitors to Explore

Hosts the caterpillars of this columbine duskywing butterfly, as well as those of the hummingbird moth and holly blue butterfly.
