

# IRONWEED

(*Veronia missurica*)

## NORTHWEST MICHIGAN INVASIVE SPECIES NETWORK

Protecting, enhancing, and promoting Northwest Michigan's natural communities through terrestrial invasive plant management and outreach.

John Hilty

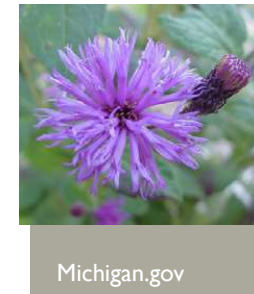

### Key Features:

#### Flowers

Showy clusters of brilliantly purple blooms tower over the garden in late summer to early fall.

#### Easy to Grow

Prefers full or partial sunlight and moist to average conditions. Few issues with disease.

#### Visitors to Explore

Flowers attract pollinators including butterflies like swallowtails and monarchs.

### Is ironweed right for your garden?

3-6 ft tall

3-4 ft wide

July-Sept
